SPECIFICATION & STANDARD EQUIPMENT PRODUCT SHEET DISCLAIMER: Every effort has been made to ensure that the information on this document is correct and up to date. However, Whitley Marine Group Pty Ltd ACN 6279 33635 ("Whitley") does not accept any liability for damages of any kind resulting from the access or use of this content. This document & information is produced as a guide only, please consult the Whitley web-site for further information or your local dealer before using this information as a deciding factor to purchase.

* The height and length on trailer measurement can be reduced or lowered upon request. For example, a swing away draw bar option is available to reduce the overall length. Please talk to your local dealer for more information. The measurements supplied are to be used as a guide only and may vary from time to time. Weights and measurements listed in this catalogue are as occur as can reasonably be determined and can be subject to change. Weights and measures are approximate only and are considered a guide these can vary up to plus 15%. Whitley does not take any responsibility for weights and measurement accuracy therefore these should be checked by the dealer or customer if this is a requirement that is deemed critical for the use or before purchase of any vessel. To confirm the measurements before making a purchase, consult your Authorized Whitley Dealer or Whitley Factory Sales Representative.

** Dry towing weight is an approximate guide and is a best-case scenario, this may vary and is the approximate base package weight with no options. The addition of factory supplied options will increase the total Road Motor Trailer (RMT) package weight. Consult your Authorized Whitley Dealer or Whitley Factory Sales Representative for more information regarding towing weights and post purchase consult your owner's manual. Consult generic disclaimer for more information. Boat packages on trailers with ratings over 3,500 kg will require a 70mm tow ball, this is available to customers at additional cost at purchase.

*** Boat trailer packages on a mechanically braked trailer with an ATM of 2,200 kg rating and a GVM rating of 2,000 kgs*, require 10% of the package weight to be on the tow ball as down weight. For more information regarding this, please consult your owner's manual or Authorized Whitley Dealer or Whitley Factory Sales Representative for more information.
